

## NOVO SISTEMA DE TRANSPORTE COLETIVO

A Prefeitura de Uberaba implanta o novo sistema de transporte coletivo na cidade. Veja as melhorias para você:

- O novo sistema começa a operar a partir de 13 de setembro de 2009, com o fim do monopólio.
- Melhoria da qualidade física dos ônibus proporcionando mais conforto.
- Monitoramento eletrônico para garantir o cumprimento dos horários.
- Os números das linhas foram alterados para 2 dígitos para melhor visualização sem alterar os nomes das linhas e os trajetos.
- Aumento da frequência dos ônibus em várias linhas nos horários de pico, mais ônibus cumprindo o horário pontualmente e menos espera para você.

**É o compromisso da Prefeitura com o transporte coletivo de Uberaba.**
